Report on Four-day Nature Guide workshop at Nameri National Park

Date: 24-30 September 2018

From September 24 to 30, 2018, the Department of TSI at Kaliabor College, in collaboration with ABN Foundation and Jungle Travels, organized a four-day Nature Guide workshop at Nameri National Park. This workshop catered to 12 students enrolled in B.Voc (Tourism and Service Industry). The workshop immersed participants in practical experiences, including field excursions, guided tours by expert naturalists, and interactive sessions. Practical training sessions covered essential skills such as survival techniques, map reading, and ethical wildlife observation. The collaboration between the academic institution, foundation, and travel company ensured a comprehensive and immersive learning experience. The workshop not only expanded the students' knowledge of Nameri's rich biodiversity but also instilled a sense of responsibility for sustainable tourism practices. This collaborative effort aimed at nurturing the next generation of nature guides and fostering a deeper connection between students and the environment. The success of the workshop was evident in the positive feedback from participants, highlighting its effectiveness in bridging theoretical knowledge with practical skills in the field of Tourism and Service Industry.
