Report On "Academic Extension Activity"

Organized by: Chemistry Department, Kaliabor College

Date: 14th December, 2021

On 14th December, 2021, academic extension activity has been organized by the Department of Chemistry, Kaliabor College at Sankardev Sishu Niketan, Kaliabor. The programme was initiated with a view to enhance certain key objectives. Some of them are: to build scientific attitude among school students, to make science education exciting through experimentations and hands-on activities and to promote basic science as a career option. In the welcome address, Dr. Pranjit Bhuyan, HOD of the department addresses the students where he explains these objectives of the programme. He says that the programme, supported by the Chemistry department, targets to achieve these aims with the involvement of the students from the department itself. The 5th semester students imparted lessons to the school students on science subject. The active participation of the students in the classes was quite praiseworthy. Around ten students from the department participated in the programme. The principal of the school expressed his heartfelt gratitude for taking up such remarkable project for the betterment of students.
