A WORKSHOP ON "ARSION NILOGON & FLUORIDE NILOGON"

Dated 19th of March /2019,

A workshop on "Arsion Nilogon & Fluoride Nilogon" supported by UGC-SAP was organized on 19th March, 2019 by NEER & NSS Unit of Kaliabor College and in collaboration with the Department of Chemical Science, Tezpur University. Professor Rabin Dutta, Department of Chemical Science, Tezpur University delivered his lecture on the topic.

List of participants from NSS Kaliabor College were

- 1) Rijib Kumar Borah (NSS Programme Officer, Kaliabor College)
- 2) Chiranjeeb Bezbaruah (Teacher in Charge)
- 3) Akash Sandilya (NSS Volunteer)
- 4) Plaban Borah (")
- 5) Mrinmoy Borah (")
- 6) Manash Borah (")
- 7)

Date:

Report on a Workshop Arsenic, Iron, and Fluoride Removal "Arsiron Nilogon and Fluoride Nilogon"

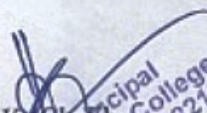

Date: 19th March 2019

Organized by: NEER & NSS Unit, Kaliabor College

In Collaboration with: Department of Chemical Sciences, Tezpur University

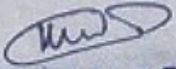

Supported by: UGC SAP

A workshop focusing on the removal of arsenic, iron, and fluoride from various water sources, titled "Arsiron Nilogon and Fluoride Nilogon," was successfully conducted on the 19th of March, 2019. The workshop was organized by the NEER (Natural Elements and Environmental Resources) and NSS (National Service Scheme) Unit of Kaliabor College, in collaboration with the Department of Chemical Sciences at Tezpur University. This event was supported by the University Grants Commission's (UGC) Special Assistance Programme (SAP). The primary objectives of the workshop were to disseminate knowledge about the harmful effects of arsenic, iron, and fluoride in water sources, educate participants about effective techniques for the removal of these contaminants from water, foster interdisciplinary learning by bringing together participants from various disciplines. The workshop garnered participation from a diverse group of 43 participants representing different disciplines and institutions. The workshop covered a range of topics related to the contamination of water sources by arsenic, iron, and fluoride, as well as methods for their effective removal. By addressing the critical issues of arsenic, iron, and fluoride contamination in water sources, the event highlighted the significance of collaborative efforts between academia, institutions, and communities to address environmental challenges. Participants left the workshop equipped with a deeper understanding of water contamination issues and practical solutions for mitigation. The success of the workshop reflects the commitment of NEER, NSS Unit of Kaliabor College, and Tezpur University to raising awareness and finding sustainable solutions to pressing environmental concerns.

**Report on Conservation Workshop on Sancipat Manuscript and
Woodcarving**

Date: 20th to 26th February 2021

Organized by: Department of Chemical Sciences, Tezpur University
In Collaboration with: Kolong Adhayan Kendra, Kaliabor College and Kolong Kala Kendra,
Puranigudam, Nagaon

A comprehensive seven-day workshop focusing on the Conservation of Sancipat Manuscripts and Woodcarving by Customized Scientific Methods was conducted by the Department of Chemical Sciences at Tezpur University. This initiative was carried out in collaboration with Kolong Adhayan Kendra, Kaliabor College, and Kolong Kala Kendra, Puranigudam, Nagaon. The workshop took place from February 20 to 26, 2021. The week-long workshop was a hands-on experience, designed to impart in-depth knowledge and practical skills in the conservation of Sancipat Manuscripts and Woodcarvings. The workshop was conducted under the expert guidance of Professor Robin Dutta, a renowned scientist from the Department of Chemical Sciences at Tezpur University. Additionally, Professor Dutta was supported by his scholars and Sri Chittaranjan Borah from Kolong Kala Kendra. The workshop witnessed the active participation of 20 students from Kaliabor College, hailing from the departments of Assamese and History. The students engaged in a comprehensive learning experience that covered the scientific methods used for the preservation of Sancipat Manuscripts and Woodcarvings. The workshop concluded with the distribution of certificates at Tezpur University, acknowledging the participants' dedication and newly acquired conservation skills.
