Report on Lecture programme on Flanders's Interaction Analysis and Teaching Machine

Date: 22 September 2018

On September 22, 2018, a lecture program focusing on Flanders's Interaction Analysis and Teaching Machine was conducted with the participation of 25 attendees. Dr. Rajinder Singh, an esteemed faculty member from Tezpur University, served as the resource person for the session. The primary objective of the program was to provide participants with insights into Flanders's Interaction Analysis and its application in conjunction with Teaching Machines. Dr. Singh, with his expertise, delved into the theoretical foundations and practical implications of these educational tools. The session was characterized by interactive discussions and demonstrations, allowing participants to gain a hands-on understanding of the concepts presented. Dr. Singh's engaging presentation style and the relevance of the content ensured an enriching learning experience for the attendees. Feedback from the 25 participants indicated a positive reception, with many expressing appreciations for the depth of knowledge shared during the lecture program. Overall, the Flanders's Interaction Analysis and Teaching Machine session, facilitated by Dr. Rajinder Singh, contributed significantly to the professional development of the participants, fostering a greater understanding of effective teaching methodologies.
